ABSTRACT

The Texas Education Code requires the Texas Education Agency to submit a comprehensive biennial report containing a summary of information related to grade level retention of students in the Texas public school system. This report looks at retention in Texas based on data collected over a 3-year period, beginning with the 1993-94 school year. The information is analyzed by grade, ethnicity, and gender, as well as other student characteristics. The trends identified in this report provide policymakers with a basis for reviewing state policies related to grade level retention and the needs of students at risk of school failure. In 1995-96, 144,683 students were retained in grade in Texas, for an overall retention rate of 4.3%. The highest retention rate was at grade 9; at the elementary level, the highest retention was in grade 1. Hispanic American and African American students were more likely to be retained than White students; males and disadvantaged students also displayed higher rates of retention. Districts in urban areas had the highest retention rates. Four appendixes contain data on retention by grade and ethnicity, retention by district, retention by campus characteristics, and district retention rates by grade. (Contains 10 tables, 3 figures, and 9 references.) (SLD)

## Highlights

***How many students are retained in Texas?***

- In 1995-96, a total of 144,683 students was retained in grade.
- The overall retention rate for students in Grades K-12 was 4.3 percent.
- The highest retention rate was found in Grade 9.
- At the elementary level, the highest retention rate was found in Grade 1.

***Who is retained?***

- Males were retained more often than females.
- Hispanic and African American students were retained more often than White students or students from other ethnic groups.
- Economically disadvantaged students were retained more often than students who were not economically disadvantaged.

***Where are they retained?***

- Districts in urban areas had the highest retention rates in 1995-96.
- Districts and campuses with higher percentages of minority and economically disadvantaged students had higher retention rates.
- Campuses with higher dropout rates had higher retention rates.

## *Introduction*

Texas Education Code, §39.182, requires the Texas Education Agency (TEA) to submit a comprehensive biennial report containing a summary of information related to grade level retention of students in the Texas public school system.

Grade level retention is defined as having a student repeat a grade he or she was unable to successfully complete, or holding back a child who is of appropriate chronological age but not developmentally ready or mature enough to enter school (Shepard, 1989). Although expensive, grade level retention has traditionally been the chief remedy for academic failure and remains today a nearly universal practice. In Texas, a total of 144,683 students were retained in 1995-96. At an average cost of $4,756 per pupil, Texas spends an estimated $688 million for each extra year of schooling for retained students.

The primary goal of retention is to give a student a year to grow and master the academic tasks of the current grade level before advancing to the next level. However, extensive research on the effects of retention consistently indicates that the practice produces no long-term academic or social benefit (Foster, 1993; Harvey, 1994; Shepard & Smith, 1990).

This report looks at retention in Texas based on data collected over a three-year period, beginning with the 1993-94 school year. The information is analyzed by grade, ethnicity, and gender, as well as other student characteristics. The trends identified in this report will provide the legislature, State Board of Education, and TEA with a basis for reviewing state policies related to grade level retention and the needs of students at risk of school failure.

# Methodology

### *Data Collection*

The Public Education Information Management System (PEIMS) was used to collect data on the grade levels of students in the Texas public school system (TEC §29.083). The values for the total numbers of students enrolled and retained were determined by comparing student grade levels during the last six-week period in attendance one year and October enrollment data for the subsequent year.

### *Grade Level Retention*

Student level files were compared to identify students who: (a) were enrolled both years; (b) left after the first year; and (c) were new to Texas public schools in the second year. As used to compute different grade level retention rates, total enrollment (or "total students") includes students who attended any six-week attendance period of the first year and returned in the following year or graduated after the end of the first year. Students who dropped out or migrated out of Texas public schools after the first year were excluded from the total student counts. For students enrolled in both years, the numbers enrolled in the same grades were determined. Each student who enrolled in the same grade for two consecutive years was identified as retained. The retention rate was calculated by dividing the number of students retained by the total enrolled.

### *Trends in Grade Level Retention*

To investigate trends in grade level retention, data for three successive years is presented, beginning with the 1993-94 school years. Changes in retention rates were investigated across grades, ethnic groups, and gender. Subsequent years of data collection may be necessary to clarify the trends in grade level retention in Texas public schools.

# Grade Level Retention of Students

### *Number of Students Retained*

Table 1 shows the grade level retention rates for the 1993-94, 1994-95, and 1995-96 school years. Of the total number of Texas public school students reported in kindergarten through Grade 12 in the 1993-94 school year, 4.0 percent (125,959) were retained in grade. The retention rate was unchanged in the 1994-95 school year, but rose to 4.3 percent in 1995-96.

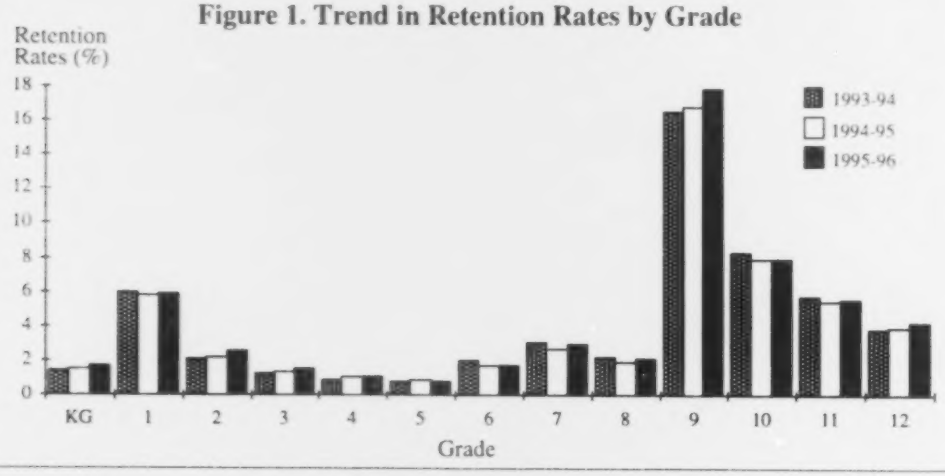
| Table 1. Historical Review of Grade Level Retention | | | |
|---|---|---|---|
| **Year** | **Total Students** | **Number Retained** | **Retention Rate** |
| 1993-94 | 3,129,085 | 125,959 | 4.0% |
| 1994-95 | 3,193,214 | 128,369 | 4.0% |
| **1995-96** | **3,399,451** | **144,683** | **4.3%** |

### *Grade Level Retention by Grade*

Figure 1 graphically displays the percentage of students retained in each grade over the three-year period from 1993-94 to 1995-96. As the figure indicates, the percentage of students retained varied markedly by grade. Students were retained at the highest rate in ninth grade, and this characteristic showed little variation over the three years. Moreover, the retention rates for all high school grades were well above the average retention rate for all students each year.

*Grade Level Retention in Grade 9.* Table 2 on page 4 displays the number and percentage of students retained by ethnicity in Grade 9 for the three-year period. The total number of students repeating Grade 9 rose by more than 10,000, from 42,004 (16.5 percent) during the 1993-94 school year to 52,073 (17.8 percent) in 1995-96.

**Figure 1. Trend in Retention Rates by Grade**



BEST COPY AVAILABLE

**Table 2. Students Retained in Ninth Grade**

| Year | White | | African American | | Hispanic | | Other Minority | | Total | |
|---|---|---|---|---|---|---|---|---|---|---|
| | Total Retained | Retention Rate | Total Retained | Retention Rate | Total Retained | Retention Rate | Total Retained | Retention Rate | Total Retained | Retention Rate |
| 1993-94 | 10,863 | 8.9% | 8,921 | 24.0% | 21,696 | 24.3% | 524 | 8.2% | 42,004 | 16.5% |
| 1994-95 | 11,764 | 9.2% | 9,190 | 23.2% | 23,944 | 25.0% | 534 | 7.8% | 45,432 | 16.8% |
| **1995-96** | **13,409** | **9.9%** | **10,414** | **24.2%** | **27,603** | **25.9%** | **647** | **8.7%** | **52,073** | **17.8%** |

Approximately one out of six ninth grade students was repeating the grade each year. Compared with White students and students in other ethnic groups, disproportionately large percentages of Hispanic and African American students were retained. Approximately one-fourth of all students in these ethnic groups were retained in ninth grade.

*Grade Level Retention in Grade 1.* At the elementary level, the highest retention rate was found in first grade. Table 3 presents the number and percentage of students retained in Grade 1 by ethnicity over the period between 1993-94 and 1995-96. In 1995-96, the retention rate for first-graders of 5.9 percent was up slightly from 5.8 percent the previous year. As in ninth grade, Hispanic and African American students accounted for the highest proportions of students retained in first grade.

## *Grade Level Retention by Gender*

Over the three-year period, males were more likely to be retained than females at every grade level and within each ethnic group. About 3.2 percent of female students were retained during both the 1993-94 and 1994-95 school years, compared to 4.8 percent of male students. In 1995-96, the rates increased to 3.4 percent for females and 5.1 percent for males. Male students made up 61 percent of the total number of retained students over the three years.

**Table 3. Students Retained in First Grade**

| Year | White | | African American | | Hispanic | | Other Minority | | Total | |
|---|---|---|---|---|---|---|---|---|---|---|
| | Total Retained | Retention Rate | Total Retained | Retention Rate | Total Retained | Retention Rate | Total Retained | Retention Rate | Total Retained | Retention Rate |
| 1993-94 | 6,045 | 4.8% | 2,721 | 7.1% | 7,482 | 7.4% | 231 | 3.8% | 16,479 | 6.0% |
| 1994-95 | 5,714 | 4.6% | 2,708 | 7.0% | 7,353 | 7.1% | 223 | 3.4% | 15,998 | 5.8% |
| **1995-96** | **5,953** | **4.6%** | **3,174** | **7.4%** | **7,956** | **7.0%** | **216** | **3.0%** | **17,299** | **5.9%** |

### *Grade Level Retention by Ethnicity*

Historically, minority students have been overrepresented in the population of students being retained. As Figure 2 shows, Hispanic and African American students were, on average, retained more than twice as often as White students or students from other ethnic groups. In 1995-96, for example, 2.7 percent of White students were retained in grade, compared to 5.8 percent of Hispanic students and 5.9 percent of African American students. At 2.3 percent, the retention rate was lowest that year for students from other ethnic groups.

Each year during the three-year period, almost 7 out of 10 students retained in Texas public schools were either Hispanic or African American. (Only about 5 out of 10 enrolled Texas public school students were from these two ethnic groups.) As Figure 3 on page 6 indicates, Hispanic students have consistently represented the largest percentage of total students retained, followed by White students.

Appendix A summarizes grade level retention for the 1993-94, 1994-95, and 1995-96 school years by grade and ethnicity. The table lists the number and percentage of students retained in each grade by ethnic group.

### *Grade Level Retention by Student Characteristics*

*Overage Students.* When a student is overage for grade (generally, older by a year or more than his or her classmates), the chances the student will be retained more than double. Research has shown, moreover, that being overage for grade is

**Figure 2. Grade Level Retention by Ethnicity**

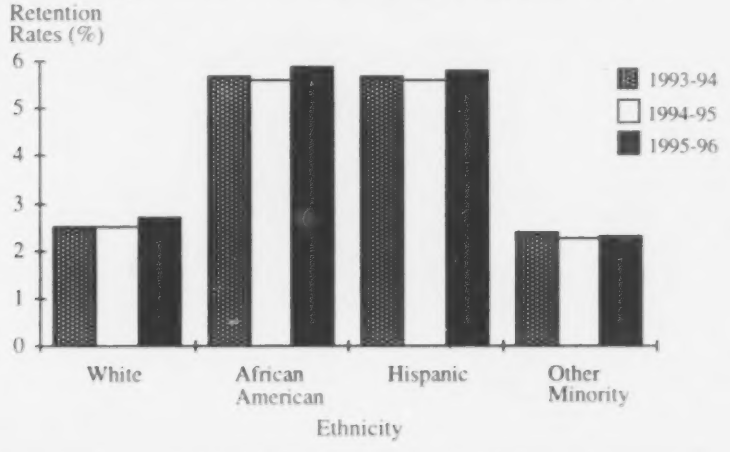


**Figure 3. Percentage of Total Retained by Ethnicity**

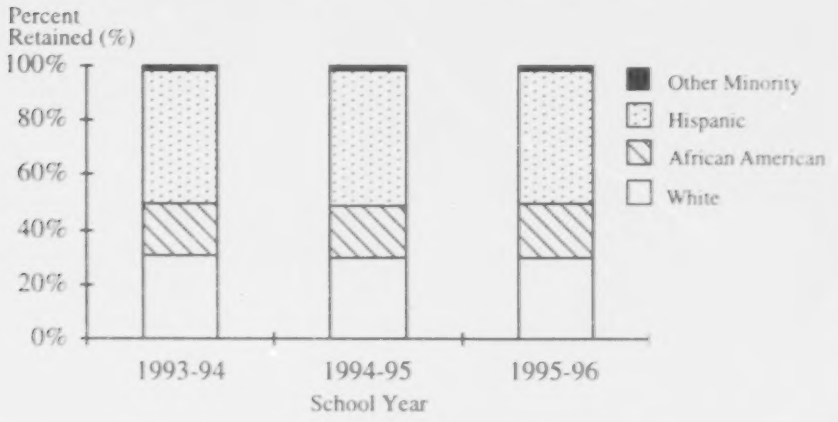

one of the primary predictors of dropping out of school in later years. Being overage for grade is a better predictor of dropping out than underachievement. Students held back seldom "catch up" academically and often fall further behind and eventually drop out (Holmes, 1983; Shepard & Smith, 1989; Roderick, 1994).

In Texas, statistics indicate that, between 1993-94 and 1995-96, overage students were retained more than twice as often each year as their at-age counterparts. Approximately 8.2 percent of overage students were retained in 1995-96, compared to 3.3 percent of at-age students.

*Special Education Students.* Table 4 compares the retention rates of students in special education programs for the three-year period to the retention rates of students in non-special education classrooms. Each student in a special education program has an individual education plan with goals and objectives the student must meet on a yearly basis. If these goals are met, the student progresses to the next grade level. Table 4 shows that a disproportionately larger number of special education students were retained each year compared to their non-special education counterparts.

*Bilingual/LEP Students.* Students with limited English proficiency (LEP) are faced with the burden of learning English at the same time they are learning reading and other skills. Reading and language problems have been shown to be highly correlated with elementary grade retention (Kaczala, 1991; Marcon, 1993). Depending on their levels of English skills, some LEP students enroll in bilingual or English as a second language (ESL) programs. In 1995-96, 87.3 percent of LEP students participated in bilingual/ESL programs. The retention rates for LEP students are presented in Table 5. The table has been separated into two grade spans due to the small number of secondary students receiving bilingual services.

All three groups of LEP students in the elementary grades had similar retention rates and slightly higher rates than non-LEP students in 1995-96. In high school, the retention rates for LEP students receiving ESL services and LEP students not receiving services were significantly higher than the rate for non-LEP students over the three years shown.

*Economically Disadvantaged Students.* As Table 6 on page 8 indicates, the retention rates for students identified as economically disadvantaged were consistently higher than those for other students over the three-year period. Economically disadvantaged students represented a higher proportion each year of both the total number of students enrolled and retained in Texas public schools. In 1995-96, 44.1 percent of students overall and 52.3 percent of retained students were identified as economically disadvantaged.

## *Grade Level Retention by District/Campus Characteristics*

*District Characteristics.* Texas school districts differ considerably based on characteristics such as community type, size, student performance, and expenditures.

**Table 4. Grade Level Retention of Students in Special Education**

| Year | Special Education Students | | Non-Special Education Students | |
|---|---|---|---|---|
| | Total Retained | Retention Rate | Total Retained | Retention Rate |
| 1993-94 | 22,434 | 6.0% | 103,525 | 3.8% |
| 1994-95 | 23,633 | 6.0% | 104,736 | 3.7% |
| **1995-96** | **26,792** | **6.2%** | **117,891** | **4.0%** |

| 7 - 12 | 1993-94 | 55 | 6.1% | 7,447 | 12.4% | 2,201 | 10.6% | 9,703 | 12.0% | 77,781 | 6.4% |
| | 1994-95 | 64 | 4.9% | 7,772 | 12.1% | 2,407 | 11.0% | 10,243 | 11.7% | 79,626 | 6.4% |
| | **1995-96** | **57** | **5.1%** | **8,088** | **11.9%** | **2,437** | **11.2%** | **10,582** | **11.6%** | **90,674** | **6.8%** |

| Table 6. Grade Level Retention of Economically Disadvantaged Students | | | | |
|---|---|---|---|---|
| | Economically Disadvantaged Students | | Non-Economically Disadvantaged Students | |
| Year | Total Retained | Retention Rate | Total Retained | Retention Rate |
| 1993-94 | 63,935 | 4.9% | 62,024 | 3.4% |
| 1994-95 | 66,237 | 4.9% | 62,132 | 3.4% |
| **1995-96** | **75,640** | **5.0%** | **69,043** | **3.6%** |

Retention rates among these categories differ as well. Appendix B includes a list of retention rates by district characteristics for 1995-96.

Districts in urban areas had the highest retention rates in 1995-96. Higher retention rates also were generally associated with districts that had higher percentages of minority students, higher percentages of economically disadvantaged students, higher than average teacher salaries, larger percentages of minority teachers, and lower percentages of students passing the Texas Assessment of Academic Skills (TAAS). As might be expected, many of these characteristics are typical of districts classified as urban.

*Campus Characteristics.* As with school districts, higher retention rates were associated with campuses in urban areas and with many of the characteristics just described. The relationship between retention rates and percentages of economically disadvantaged students seen at the district level, however, was not found in the campus-level data. Campuses with higher dropout rates also had higher retention rates. Appendix C includes a list of retention rates by campus characteristics for 1995-96.

## Conclusions

Grade level retention continues to be a common practice in Texas public schools despite extensive research challenging its efficacy. During the three-year period between 1993-94 and 1995-96, in fact, the number of students retained increased from approximately 126,000 (4.0 percent) to 145,000 (4.3 percent). Moreover, retention appears to affect a disproportionately large share of minority ethnic populations; nearly 7 out of 10 students retained each year were Hispanic or African American.

By far, the highest rates of retention over the three-year period were found in the ninth grade, where about one out of six students was repeating the grade each year. At the elementary level, retention occurred most frequently in the first grade.

Consistent gender differences were evident in retention rates for the three years, as well, with male students having higher retention rates than female students at every grade level and within each ethnic group.

Compared to their at-age peers, students who were overage for grade (a key predictor of dropping out) were more than twice as likely to be retained. Students receiving special education services had higher retention rates than non-special education students. In addition, students with limited English proficiency (LEP), who confront the difficult task of learning both a new language and a new curriculum at the same time, were retained at higher rates than non-LEP students.

At the institutional level, higher retention rates were generally observed in urban school districts. Rates also increased among districts and campuses with higher percentages of minority students and lower percentages of students passing the TAAS.

Future analysis of retention rates in Texas public schools should include further investigation of the high retention rates found in ninth grade, the associations between retention and dropping out, and the rationale behind grade level retention in Texas public schools.

## TEXAS EDUCATION AGENCY
## 1995-96 DISTRICT ANALYZE CATEGORY DESCRIPTIONS

**ENROLLMENT GROUPINGS**
A nine-category grouping based on the total number of students enrolled by district as of the Public Education Information Management System (PEIMS) fall collection date (late October of each year). Enrollment excludes students who are served but not enrolled by districts.

**DISTRICT TYPE**
Classification of school districts based on factors such as size, growth rates, and proximity to urban areas as follows:

***Major Urban.*** The state's eight largest metropolitan districts serving the Houston, Dallas, San Antonio, Fort Worth, Austin, Corpus Christi, and El Paso areas.

***Major Suburban.*** Other districts in and around the major urban areas.

***Other Central City.*** Major districts in other large Texas cities.

***Other Central City Suburban.*** Other districts in and around the other large, but not major, Texas cities.

***Independent Town.*** Largest districts in counties with populations of 25,000 to 100,000.

***Non-Metro: Fast Growing.*** Districts not fitting in any of above categories but exhibiting a five-year growth rate of at least 20 percent with at least 300 students enrolled.

***Non-Metro: Stable.*** Districts not fitting any of above categories but with an enrollment exceeding the state median.

***Rural.*** Districts not fitting any of above categories; districts either with an enrollment between 300 and the state median and a growth rate less than 20 percent, or with an enrollment less than 300.

**PROPERTY WEALTH**
Total taxable property value divided by enrollment, which indicates district ability to raise local funds on a per pupil basis. The property value used is total taxable value for the last completed calendar year—i.e., 1995, as determined by the Comptroller's

Property Tax Division (CPTD). Enrollment is for the 1995-96 school year. The first wealth grouping shows ten categories; the second simply shows districts above and below state average wealth; the third is a 20-category grouping with each category representing about five percent of the state's students. The six special statutory districts without taxable property wealth form a separate group in all three wealth groupings.

**TOTAL TAX EFFORT**
A four-category tax effort grouping of districts defined by the total effective tax rate, which was determined by dividing the last completed calendar year's total levy amount by that year's CPTD total taxable property value. The total effective rate is the sum of the school district Maintenance and Operations (M&O) rate, and the Interest and Sinking Fund standardized rate. Rates are expressed per $100 of taxable value. The six special statutory districts without property tax levies appear separately.

**MAINTENANCE AND OPERATIONS EFFECTIVE TAX RATES**
A four-category tax effort grouping of districts showing the M&O effective tax rate, which was determined by dividing the last completed calendar year's M&O levy amount by that year's CPTD total taxable property value. The M&O rate shown includes the local standardized rate and money generated by districts for equalizing wealth. The six special statutory districts without property tax levies appear separately.

**HIGHEST PROPERTY VALUE CATEGORY**
A four-category CPTD classification based on property use. Thirteen CPTD categories are aggregated into four categories as follows:

***Residential.*** Single-family, multi-family, and residential inventory.

***Land.*** Vacant lots and rural real (taxable).

***Oil and Gas.*** Oil, gas, and minerals.

***Business.*** Commercial and industrial real, commercial and industrial personal, and utilities.

A district is placed into one of the four categories above that represents its greatest total property value. The six special statutory districts without taxable property wealth form a separate group.

**SMALL/SPARSE ADJUSTMENT**
A four-category grouping of districts based on the small/sparse adjustment amount as a percent of the total adjusted basic allotment amount. A fifth category contains

all districts receiving no small/sparse adjustment. This percentage represents the extent to which state funding is adjusted to compensate for small and/or sparsely populated districts.

**COST OF EDUCATION INDEX LEVEL**
A five-category grouping of districts based on the Cost of Education Index (CEI) level. It reflects geographic variations in costs and prices outside district control.

**OPERATING COST PER STUDENT**
A five-category grouping of districts based on operating cost per student. Operating costs are the sum of all expenditures budgeted for the operation of the district for all funds. The operating expenditures are a subset of the total expenditures; they do not include debt service, capital outlay, or ancillary services expenditures. Per student amounts are the school year expenditures divided by enrollment. The source for budgeted expenditures is the fall PEIMS submission.

**EDUCATION SERVICE CENTER REGION**
The state is divided into 20 geographic regions; districts within each region are served by an Education Service Center.

**TAAS: PERCENT PASSING ALL TESTS TAKEN**
A five-category grouping of districts based on the percent passing the Texas Assessment of Academic Skills (TAAS). For Grades 3-8 and 10, the total number of students passing all sections taken of the TAAS is expressed as a percentage of the total number of students taking one or more tests. This percentage excludes special education students and third through sixth graders taking the test inSpanish and includes only those students in the district in October of the school year, which is the percentage used for accountability purposes.

**SAT I/ACT PERCENT TAKING**
A three-category grouping based on the percent of 1994-95 graduates taking the SAT I and/or the ACT Assessment. A fourth category is reserved for districts that had no graduates.

**SAT I/ACT PERCENT SCORING ABOVE CRITERION**
A five-category grouping based on the percent of 1994-95 graduates who scored at or above the criterion (1000 on SAT I Total and/or 24 on ACT Composite) on the SAT I and/or ACT. A sixth category is reserved for districts that had no graduates.

**STUDENT DENSITY**
A four-category grouping based on density, or the number of students enrolled per square mile. District square miles were determined through a joint effort by the State Property Tax Board (SPTB), the Texas Education Agency, and the Texas Water Commission (TWC). Maps provided by districts to the SPTB were digitized by the

TWC to determine acreage. The six special statutory districts without available mileage information form a separate group.

**ENROLLMENT CHANGE FROM PRIOR YEAR**
A five-category grouping based on the growth or decline in district student population over a one year period. Districts with declining enrollment represent one category, while remaining categories show one-year growth rates ranging from "0%-3%" to "10% and over."

**PERCENT AFRICAN AMERICAN, HISPANIC, AND MINORITY STUDENTS**
Three six-category sets of groupings according to the ethnic composition of district student populations, as reported on PEIMS. Minority percent is calculated as the sum of all non-White populations expressed as a percentage of the total. Non-White populations include Native American or Alaskan Native; Asian or Pacific Islander; African American, not of Hispanic origin; and Hispanic.

**PERCENT ECONOMICALLY DISADVANTAGED STUDENTS**
A six-category grouping according to the district percentage of enrolled students classified as economically disadvantaged on PEIMS as follows:

a) Eligible for free or reduced-price meals under the National School Lunch and Child Nutrition Program;
b) From a family with annual income at/below the federal poverty line;
c) Eligible for AFDC or other public assistance;
d) Recipient of Pell Grant or comparable state need-based financial assistance program; or
e) Eligible for programs assisted under Title II of the Job Training Partnership Act.

**AVERAGE TEACHER EXPERIENCE**
A four-category grouping of average teacher experience years computed as the total professional experience years for all district teachers divided by the total teacher full-time-equivalent (FTE) count.

**AVERAGE TEACHER SALARY**
A four-category grouping by average district teacher salary computed as the total salary of teachers divided by the total teacher FTE count. Total salary amount does not include career ladder or any other supplement.

**PERCENT MINORITY TEACHERS**
A six-category grouping according to the minority composition of district teaching populations. Minority percent is calculated by summing all non-White teacher FTEs and dividing by the total teacher FTEs.

**PERCENT TEACHERS WITH ADVANCED DEGREES**

A four-category grouping by district percentage of teachers with advanced degrees computed as the FTE count of teachers with a master's or doctoral degree divided by the total teacher FTE count.

## Appendix C
## TEXAS EDUCATION AGENCY
## 1995-96 CAMPUS ANALYZE CATEGORY DESCRIPTIONS

### CAMPUS TYPE
A four-category grouping based on the range of grades offered, as reported to the Texas Education Agency.

### CAMPUS ACCOUNTABILITY RATING
This category refers to the campus rating based on the **1996** accountability system. A campus' rating is based on performance on the Texas Assessment of Academic Skills (TAAS) test, the dropout rate, and the attendance rate. The four levels of accountability ratings for campuses and the general conditions of each of the criteria are as shown:

| 1996 Rating | TAAS Passing | Dropout Rate | Attendance Rate |
|---|---|---|---|
| Exemplary | >=90% | <=1.0% | >=94% |
| Recognized | >=70% | <=3.5% | >=94% |
| Acceptable | >=30% | <=6.0% | >=94% |
| Low-Performing | <30% | >6.0% | >=94% |

Some campuses are shown as Pending or Not Rated. Campuses with a rating of Pending operate as alternative education programs and will be evaluated under an alternative education accountability system. Not Rated campuses include those that do not serve students within the 1st through 12th grade span, such as prekindergarten centers and early education through kindergarten schools, as well as schools that serve only students in special education.

### AVERAGE TEACHER EXPERIENCE
A five-category grouping of average teacher experience years computed as total professional experience years for all campus teachers divided by total teacher full-time equivalent (FTE) count. The sixth category, "Not Applicable," pertains to campuses reporting enrollment but not teachers.

### PERCENT OF TEACHERS WITH ADVANCED DEGREES
A five-category grouping by district percentage of teachers with advanced degrees computed as the FTE count of teachers with a master's or doctoral degree divided by the total teacher FTE count. The sixth category refers to campuses with unreported teacher FTEs or campuses with no teachers with advanced degrees.

**PERCENT MINORITY, AFRICAN AMERICAN, AND HISPANIC TEACHERS**

Two five-category and one four-category sets of groupings according to the ethnic composition of campus teacher populations, as reported on the Public Education Information Management System (PEIMS). Minority percent is calculated as the sum of all non-White populations expressed as a percentage of the total. Non-White populations include Native American or Alaskan Native; Asian or Pacific Islander; African American, not of Hispanic origin; and Hispanic.

**AVERAGE TEACHER SALARY**

A six-category grouping by average campus teacher salary computed as the total salary of teachers divided by the total teacher FTE count. Total salary amount does not include career ladder or any other supplement.

**AVERAGE STUDENT/TEACHER RATIO**

A five-category grouping by average student/teacher ratio computed as the total number of students at each campus divided by the total teacher FTE count at the campus. The sixth category, "Not Applicable," pertains to campuses reporting enrollment but no teachers.

**INSTRUCTIONAL COST PER PUPIL**

A five-category grouping of campuses based on the instructional cost per pupil. Instructional costs are the sum of expenditures budgeted for all activities dealing directly with the instruction of pupils, including instruction through the use of computers. The per pupil amounts are the current school year budgeted expenditures divided by the current number of students in membership. The source for budgeted expenditures is the fall PEIMS submission.

**ENROLLMENT GROUPINGS**

A five-category grouping based on the total number of students enrolled by campus as of the PEIMS fall collection date (late October of each year). Enrollment excludes students who are served but not enrolled by districts.

**PERCENT MINORITY, AFRICAN AMERICAN, AND HISPANIC STUDENTS**

Three five-category sets of groupings according to the ethnic composition of campus student populations, as reported on PEIMS. Minority percent is calculated as the sum of all non-White populations expressed as a percentage of the total. Non-White populations include Native American or Alaskan Native; Asian or Pacific Islander; African American, not of Hispanic origin; and Hispanic.

**PERCENT INCREASE IN PUPILS (94/95-95/96)**
A five-category grouping of campuses based on the growth or decline in student population over a one year period. The last category, "New Campuses," refers to campuses reporting students in the fall of 1995 for the first time.

**PERCENT ECONOMICALLY DISADVANTAGED PUPILS**
A five-category grouping according to the campus percentage of enrolled students classified as economically disadvantaged on PEIMS as follows:

a) Eligible for free or reduced-price meals under the National School Lunch and Child Nutrition Program;
b) From a family with annual income at/below the federal poverty line;
c) Eligible for AFDC or other public assistance;
d) Recipient of Pell Grant or comparable state need-based financial assistance program; or
e) Eligible for programs assisted under Title II of the Job Training Partnership Act.

**TAAS: PERCENT PASSING ALL TESTS TAKEN (95-96)**
A five-category grouping of campuses based on the percent passing the Texas Assessment of Academic Skills (TAAS). For Grades 3-8 and 10, the total number of students passing all sections taken of the TAAS is expressed as a percentage of the total number of students taking one or more tests. This percentage excludes special education students and third graders taking the test in Spanish.

**AVERAGE DROPOUT RATE (94-95)**
A four-category grouping of campuses based on the total number of dropouts in Grades 7-12 expressed as a percentage of the total number of students in membership in Grades 7-12. A fifth category, "Not Applicable," refers to elementary grade level campuses.

**SAT/ACT: PERCENT TAKING (94-95)**
A five-category grouping based on the percent of graduates taking the 1994-95 Scholastic Aptitude Test (SAT) and/or American College Testing Program's ACT Assessment. A sixth category is reserved for campuses in which no SAT or ACT was administered.

**SAT/ACT: PERCENT SCORING ABOVE CRITERION (94-95)**
A five-category grouping based on the percent of students who scored at or above the criterion (1000 on the SAT total, 24 on the ACT composite) for the 1994-95 SAT and/or ACT. A sixth category is reserved for campuses in which no SAT or ACT was administered.

Make check or money order payable to:
Texas Education Agency

## COMPLIANCE STATEMENT

**TITLE VI, CIVIL RIGHTS ACT OF 1964; THE MODIFIED COURT ORDER, CIVIL ACTION 5281, FEDERAL DISTRICT COURT, EASTERN DISTRICT OF TEXAS, TYLER DIVISION**

Reviews of local education agencies pertaining to compliance with Title VI Civil Rights Act of 1964 and with specific requirements of the Modified Court Order, Civil Action No. 5281, Federal District Court, Eastern District of Texas, Tyler Division are conducted periodically by staff representatives of the Texas Education Agency. These reviews cover at least the following policies and practices:

(1) acceptance policies on student transfers from other school districts;

(2) operation of school bus routes or runs on a nonsegregated basis;

(3) nondiscrimination in extracurricular activities and the use of school facilities;

(4) nondiscriminatory practices in the hiring, assigning, promoting, paying, demoting, reassigning, or dismissing of faculty and staff members who work with children;

(5) enrollment and assignment of students without discrimination on the basis of race, color, or national origin;

(6) nondiscriminatory practices relating to the use of a student's first language; and

(7) evidence of published procedures for hearing complaints and grievances.

In addition to conducting reviews, the Texas Education Agency staff representatives check complaints of discrimination made by a citizen or citizens residing in a school district where it is alleged discriminatory practices have occurred or are occurring.

Where a violation of Title VI of the Civil Rights Act is found, the findings are reported to the Office for Civil Rights, U.S. Department of Education.

If there is a direct violation of the Court Order in Civil Action No. 5281 that cannot be cleared through negotiation, the sanctions required by the Court Order are applied.

**TITLE VII, CIVIL RIGHTS ACT OF 1964 AS AMENDED BY THE EQUAL EMPLOYMENT OPPORTUNITY ACT OF 1972; EXECUTIVE ORDERS 11246 AND 11375; EQUAL PAY ACT OF 1964; TITLE IX, EDUCATION AMENDMENTS; REHABILITATION ACT OF 1973 AS AMENDED; 1974 AMENDMENTS TO THE WAGE-HOUR LAW EXPANDING THE AGE DISCRIMINATION IN EMPLOYMENT ACT OF 1967; VIETNAM ERA VETERANS READJUSTMENT ASSISTANCE ACT OF 1972 AS AMENDED; IMMIGRATION REFORM AND CONTROL ACT OF 1986; AMERICANS WITH DISABILITIES ACT OF 1990; AND THE CIVIL RIGHTS ACT OF 1991.**

The Texas Education Agency shall comply fully with the nondiscrimination provisions of all federal and state laws, rules, and regulations by assuring that no person shall be excluded from consideration for recruitment, selection, appointment, training, promotion, retention, or any other personnel action, or be denied any benefits or participation in any educational programs or activities which it operates on the grounds of race, religion, color, national origin, sex, disability, age, or veteran status (except where age, sex, or disability constitutes a bona fide occupational qualification necessary to proper and efficient administration). The Texas Education Agency is an Equal Opportunity/Affirmative Action employer.
